[Communicated.] The Clarke-Spring Property and the

Hellywood Company. Messrs. Editors,-This piece of fand. which is now the property of the city, is about being sold. A resolution to that effect has passed the Common Courcil, and was considered in the Board of Aldermen at their last meeting, on Monday night, and after discussion was laid on the table until

the next meeting. This proposition to sell this property, and for the purposes proposed, is, the opinion of the writer, a most important proposition to the city of Richmond. If the city of Rich-mond increases in population and area for the next ten or fitteen years as she has fone in the last ten years, and in the same direction-and it is fair to conclude that her improvement will be more rapid-Hollywood Cemetery will at the end of that time be in the heart of the city of Richmond. Now, the question to be considered is, Will it be wise to increase the area of the cemetery by allowing the Hollywood Company to purchase this property. Hollywood Company is, as it is well known, a joint stock company, and the individual members hold and own their stock as a business transaction.

Now, I wish to put this question: When the time shall have arrived when the company will have disposed of all of their property in sections to our people, and there is no longer any revenue coming into the treasury of the company, is there any person who can suppose that the said company will keep the cemetery in condition? I think not. And in the event that they do not, the city will have to take charge of the cemetery and keep it in order after the stockholders have amade large profits in disposing of the pro-

perty in sections. If the Clarke-spring property is to be converted into a burying ground, then I think that it would be to the interest of the city to establish it into a cemetery on her own account, especially since Shockoe Hill buryingground is entirely consumed and the city has no cemetery in the West End. But ! submit that it will binder the growth of the city and her material prosperity to let the Hollywood Company extend their boundaries or for the city to use the property for

-such a purpose. There are other reasons that could be urged against the proposition, but the writer has accomplished his purpose, which is merely to call the attention of the people to what is proposed, and exercise the right of citizenship in expressing his opinion of matters which concern the interests of the city. Therefore with this I am done with the subject. I trust that the people of Richmond will think over the matter before it is too Cavis.

The Richmond Dispatch, the most valuable paper of all our exchanges, issued on the 1st of January a double-sheet, giving a vast amount of statistical information in regard to growth, &c., of Richmond. The Bispatch ought to be taken by every one in Virginia who wishes a daily paper .- Suffolk Herald.

REAL ESTATE AT PRIVATE SALE. DESIRABLE UNIMPROVED SPRINGS

PROPERTY FOR SALE PHIVATELY.—I

offer for sale privately a bold, free-flowing SPRING
which by qualitative analysis proves to be similar
to the Healing Springs of Virgina. The spring
has been known to consist of meetcal virtue, curing
diseases of inflaminatory nature, for many years,
but had not been until recently analyzed. There is
connected with this spring about TEN ACRES OF
LAND, beautifully located, about one hundred
yards distant from Beil's Valley depot, on the
Chesapeake and Ohlo railroad, Rockbridge and Jordan Alum Springs, and sixty miles from Richmond, Va., twelve miles from Rockbridge and Jordan Alum Springs, and sixty miles from the celebrated White Sulphur Springs, West Virginia.

Owing to the location, being immediately on the
Chesapeake and Ohlo railroad, the great thoroughfare from the ocean to the great West, situated in
the most beautiful region in the State, this property can be made in a few years second to none
other in the State of Virginia.

The old settlers of the county in which the
springs are located can abundantly testify to the
covative qualities of this water. Upon the same
land is also a bold-flowing spring of freestone
water.

The whole woperty has been recently enclosed DESIRABLE UNIMPROVED SPRINGS

water.

The whole property has been recently enclosed with an excellent plank fence, and is so located with a fine grove of timber as to admit of any kind of improvement that may be desired.

The supply of water is abundant, being derived from a large, bold spring. The water is beautifully bright and hrystalline, and the ever-bursting bubbles of gas impart to it a peculiar, sparking apparance. pearance.

The little place of "Bell's Valley Denot" is rapidly improving, a number of lots having been sold recently, and the demand still increasing, which in a short time will make it an important point on the line of the raliroad.
